

Unfinished Business

Karl has proved to be one of the most popular characters throughout my work. I have a sneaky suspicion, (although I cannot prove it), that some of my readers are actually attracted to the idea of meeting the ‘bad man,’ perhaps with a view to changing his ways?

Karl Maddox has never been one to let bygones be bygones. When he gets the chance to ‘get even’ with someone who has done him harm in the past, he uses every means at his disposal to bring about his adversary’s downfall.

I’m sure my readers will be delighted how Karl’s scheming works out.

His message is simple. Don’t mess with me... or else!
